

2016 ROSÉ

FALCON SERIES

VINIFICATION:

With an Italian name meaning “blood of Jupiter,” Sangiovese is a long time Kestrel favorite. This red varietal is full of flavor and acidity to complement nearly any dinner, as well as converting into a beautiful and flavorful Rosé. After being tenderly handpicked, our Sangiovese grapes spent a limited time on their skins before being pressed. This provided just enough color and body to create our 2016 Rosé. To complement the natural acidity of the grapes and contribute more mouth feel we stopped fermentation slightly early than we typically do, leaving just enough of the natural sugars to make this Rosé off dry.

WINEMAKER'S NOTES:

This delicate pink wine is as pretty as it tastes! Best served chilled, aromas of strawberry leap from the glass. The acidity balances perfectly with a light sweetness and a touch of saltiness to create a refreshingly smooth beverage. Notes of red berries will linger on your tongue, followed by a clean finish. Enjoy this wine with anything sweet and salty, such as cantaloupe with prosciutto.

YOUR TASTING NOTES:

Best served chilled, aromas of strawberry leap from the glass, balanced perfectly with crisp acidity and a light sweetness
